This Individual was a DuPage County Employee and personal friends with Operations Manager and County Administrator. He was allowed to keep his job and was on a work released prison schedule. He did less than a year and was out on weekend over-time and during snow duty at time and a half his regular rate. This was appalling! He was convinced to retire at the end of 1998.

This is just a sample of DuPage County corruption in action, lead by Political Officials that consider themselves above the law. DuPage will not accommodate "Special Veteran" Disabilities, but will accommodate Pedophiles. What is wrong with that policy?

This was sanctioned and approved under the administration of Joseph Birkett, DuPage County State's Attorney who makes "Deals for Pedophiles".

This was just one of a few well kept secrets that transpired behind closed doors of Joseph Birkett who has been "Tough on Crime" since he was sworn in as States Attorney in October 01, 1996. This is the Illinois Republican Party's Prizewinning Candidate for "Attorney General" whom will represent our voice in Springfield? His "Wheeling and Dealing" has been impeccable! Do your constituents and voters deserve the facts and the honest truth? There is still time to make "It Right". Let your conscience be your guide!
